FRAMES QUALITIES

Quality Frame Color Coating:

Fluorocarbon chemistry technology
provides the highest level of color retention.

Antidust surface
easy for cleaning

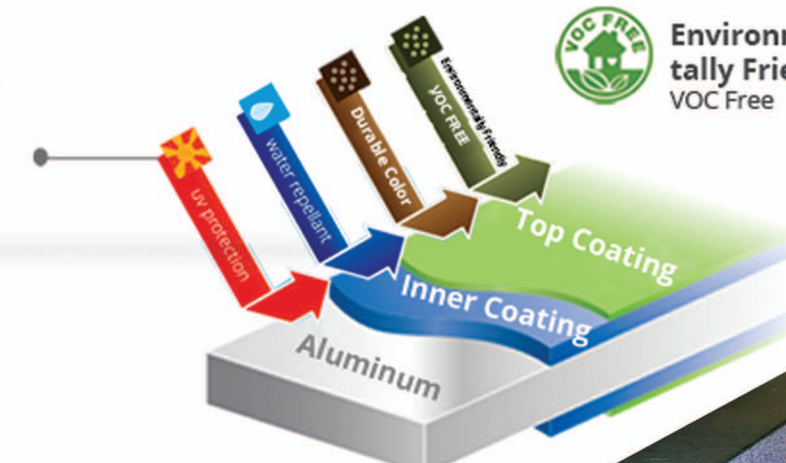

Water Repellent
gives away rust formation.

Scratch Resistant
by top quality coating.

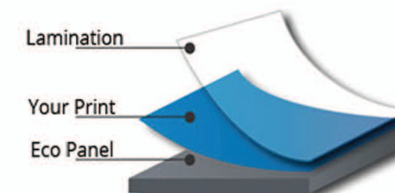

Environmentally Friendly
VOC Free

**Korean UV
Printing Technology**

Printing spec

UV PROTECTION

All our printing are treated with UV Coating to protect your artprints harmful UV ray and provides durable protective shield for our artprints for a very long time.

UV PRINTING

Professional printing technology. Using Titan DILLI Korean imported UV printing Machine which worth more than half a million to ensure you the finest printing quality.

LAMINATED BY MACHINE

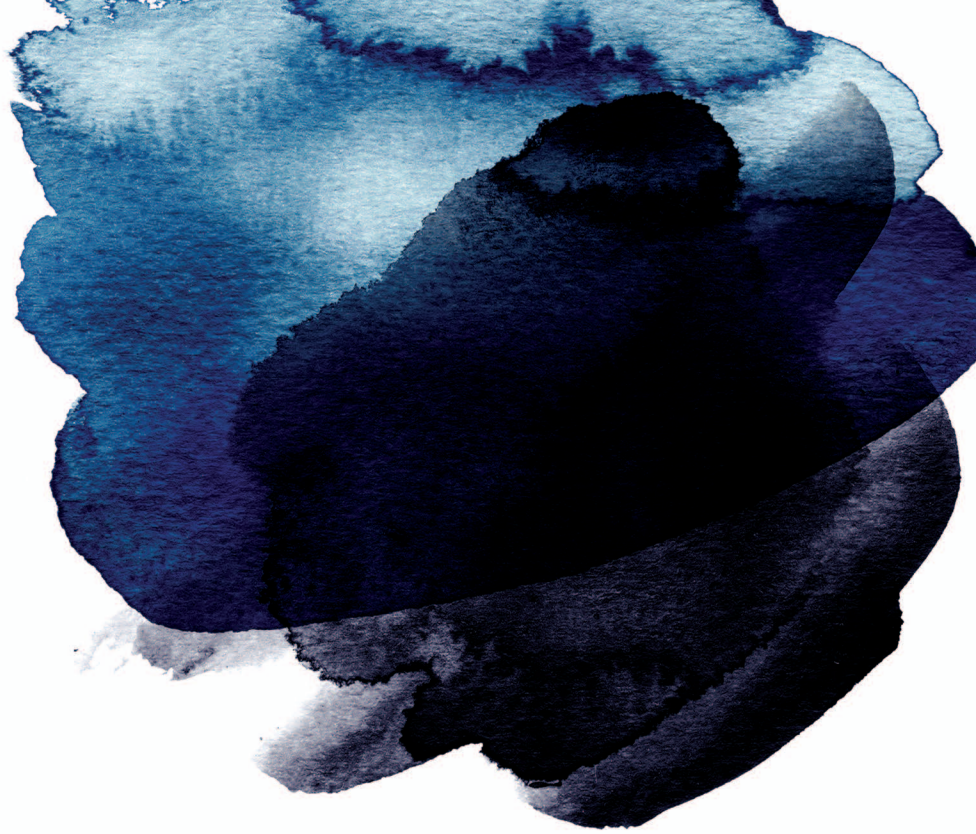

It's all in the details. Our experienced production team will laminate your EcoPanel print by machine using the industry's highest quality laminates. Our process takes a little longer and requires more skill, but we think your artprints are worth it.
